ATLANTIC FAIR

INTERNATIONAL MARITIME EXHIBITION

9-11
MAY 2017

FAROE ISLANDS

As the Prime Minister of the Faroe Islands, I am delighted to welcome you once again to Klaksvik, the fisheries hub of the Faroe Islands.

In previous years, the Atlantic Fair has been successful and well visited; it has showcased the seafood industry on an international level. This is essential for the Faroe Islands as well as our international partners.

The exploitation of our natural resources has been the foundation of Faroese economies and our welfare for generations, and it will continue to be a key economic factor in the Faroe Islands in the years to come.

The people in the North Atlantic depend on the sea and its natural resources. Adapting to the need for future sustainable growth in the fisheries sector is crucial for the people of this region. The companies that over the years have participated in this fair are living proof that innovation and adaptability go hand in hand and know no boundaries.

I am confident that the Atlantic Fair will once again showcase the very best of maritime-related businesses in the North Atlantic region and worldwide.

Aksel V. Johannesen
Prime Minister of the Faroe Islands

WELCOME TO

ATLANTIC FAIR 9-11 MAY 2017

The 8th international fishery exhibition Atlantic Fair is held in the Faroe Islands 9-11 MAY 2017. The two sports halls in Klaksvík will host the exhibition.

From the very outset the participation has been considerable, both concerning visitors and exhibitors, and generally, the participants have been very satisfied with the initiative.

Most companies, exhibiting at the fair, offer their services to the entire maritime industry, thus the exhibition will reach wider and approach all branches of the industry.

The growing Faroese offshore industry, as well as other maritime industries, are becoming more visible in the Faroese waters. The location of the Faroe Islands is strategically attractive, now the North-west Passage is the centre of attention as a new route for sailing.

With the valuable lessons we have learned during these two decades we will do our utmost that the Atlantic Fair 2017 will be an even better arrangement.

We wish you a cordial welcome to the Atlantic Fair 2017.

ATLANTIC FAIR IN KLAKSVÍK 2017

As mayor of Klaksvík I am wishing you heartily welcome to the Atlantic Fair 2017 - held in our beautiful, friendly and hospitable city in the middle of the North Atlantic.

Throughout the years this fair has been a great success, and we are proud to repeatedly host the Atlantic Fair here. Klaksvík is widely known as the fishing capital of the Faroe Islands, and we have a strong fishing industry as well as several other interesting industries in our area. Therefore, Klaksvík is the natural host for the Atlantic Fair.

Just like the Atlantic Fair itself, Klaksvík has grown bigger and better over the years, and with our new groundbreaking ocean thermal heat converter now providing heating for the venues hosting the Fair, the 2017 Atlantic Fair is bound to be a special one.

Atlantic Fair is the result of a close cooperation between the management of the fair, the city of Klaksvík and the various industries - both exhibitors and visitors. The city of Klaksvík is ready to host the Atlantic Fair and all its participants, and we are looking forward to seeing you here.

Jógvan Skorheim
Mayor of Klaksvík
